Re: Utah Docket No. 16-2443-01, UPDATED TARIFF OF WATERPRO, INC: In the Matter of WaterPro Inc.'s Application for Culinary Water Rate Case (Rate Increase).

ISSUE:

A request for the Division of Public Utilities to Review for Compliance and Make Recommendations regarding WaterPro's Updated Tariff that was recently submitted to the Public Service Commission.

RECOMMENDATION: Request a 30 Day Extension.

The DPU reviewed the Water Rates presented on page 4 of this Updated Tariff and found them to be in compliance with the Order Approving Stipulation and Associated Tariff Changes issued on August 8, 2017. However, there were several other rates included in the Updated Tariff that were changed but not part of the DPU's review. We therefore, request a 30 day extension of time to further review these rates and understand them in order to determine if they are applicable to the general rate payer and if they belong in the tariff.
